Project Overview

This project involves developing a fully responsive 4 to 5-page photography portfolio website. The site will be deployed on GitHub Pages to ensure cost-effective, reliable hosting. Core features include:

- Elegant, mobile-friendly design

- Gallery integration with secure image display

- Contact form using free third-party service integration

- Basic image security (disabling right-click and download)

- Smooth animations and interactive UI elements

- Two years of maintenance and support

Price Breakdown

Task	Cost (₹)	Details
Website Design & Development	₹6,000	4-5 pages, responsive layout, UI/UX
Gallery, Animations & Contact Form	₹2,000	Bundled, using free contact form services
Image Security Measures	₹800	Disable right-click, download protection
GitHub Pages Deployment & Setup	₹300	One-time setup, minimal hosting cost
Testing, Revisions & Quality Assurance	₹900	Across all pages and features
Maintenance & Support (2 years)	₹2,000	Updates, backups, minor fixes

| **Total Fixed Cost** | ₹**12,000** | Comprehensive project & support |

Additional Notes

- This fixed price covers the full development and deployment cycle along with support for two years.

- Any additional pages or major feature additions beyond the 5 pages will be quoted separately.

- The contact form will integrate free, trusted third-party services (e.g., Formspree, Google Forms) to minimize costs and complexity.

- Maintenance includes minor updates, bug fixes, and compatibility checks.
